

BIG EDDY
MARINA, INC.

Marina Rules

PARKING: Members must park in areas designated by the color-coded parking stickers assigned to them. All guests parking is on the upper level. Inoperable vehicles may not be stored on marina property. Utility trailers, motor homes, campers, and any other recreational vehicles may be allowed - for an additional charge and as space allows - during off-season times. Non-used vehicles are not to be stored on marina property. Residents should not have more than two vehicles parked on property at one time. Boat trailer parking is available at your own risk and for a fee. Trailers require a special parking sticker. Off-site storage for trailers is highly recommended. **Parking stickers must be visible in a corner of your front or back window. Big Eddy Marina reserves the right to tow unauthorized vehicles, including those parked in designated areas without having the appropriate parking sticker.**

VEHICLES FOR SALE: It is all right to have "FOR SALE" signs in a personal car or boat that you are using. Do not use the parking lot as a place to sell boats, cars, etc. commercially.

SECURITY: The gate at the top of the walk ramp provides additional security, especially at night. Do not leave the gate propped open after dark. Your keycard or remote gate opener is registered to you and you are solely responsible for its use. *If it is lost, report it promptly.*

SAFETY: Absolutely **NO FIREWORKS** are allowed on the marina. **No open fires** in outdoor fireplaces or trash barrels are permitted. BBQs must be propane or natural gas. Wood stoves and pellet stoves are not allowed. Only indoor gas and electric stoves are permitted in homes on the marina. Do not place personal items on common walkways and docks in such a way that they hinder others from walking past. Nothing should be left on the common walk areas on a permanent basis - such as chairs, planters, play equipment, etc. Do not tie or attach anything to gas meters, power stands, fire hydrants, or any other utility fixture. **USE CARE REFUELING.** Petroleum products are a fire hazard and they are also damaging to the dock material. **Refuel in the boat launch area as much as possible.**

TRASH / RECYCLING: DO NOT DUMP ANY TRASH INTO THE RIVER! Do not leave old appliances, furniture, building debris or scrap lumber at the gatehouse or around the dumpsters. **DUMPSTERS ARE FOR HOUSEHOLD GARBAGE ONLY. Recyclables need to go in their appropriate bin. Glass bottles must be taken out of cardboard carriers.**

MARINA RULES

Page 2

PETS: Big Eddy Marina reserves the right to allow a pet by permission. The only pets to ever be allowed are domestic cats and dogs. Any dogs permitted by Big Eddy Marina will be of a breed that typically would not be more than 25 pounds when full grown, and only one pet per full-time tenant will be allowed. **Guests are not allowed to bring pets onto the walks and docks of the marina.** All pets must be on a leash (this includes cats) at all times when on the walks and docks of the marina. Pets must be supervised or totally secured when on the lower deck of a floating home. No permanent outside animal kennels of any kind will be permitted. Everyone must clean up immediately after their pet has relieved itself. Do not throw pet excrement in the landscaped areas, as it is not the landscaper's responsibility to clean up after your pet. Violators of these rules will have their pets banned from the marina. No birdfeeders within the marina or feeding birds on the walks and docks. Birds do not respect boats and boat canvas. One hummingbird feeder per home will be allowed on the marina.

PERSONAL DECK AREAS: Keep decks and walkways around your home free of excess clutter. Do not leave household appliances, such as refrigerators, on your outside deck. Use care with wiring and extension cords. Inside and outside wiring must meet current electrical codes. Ungrounded electrical /extension cords are not allowed on homeowner decks or on marina docks. All exterior electrical outlets should have GFI circuit protection.

STORAGE/DOCK BOXES: Big Eddy Marina must approve any outside storage containers and dock boxes.

CONDUCT: No bicycles, skateboards, scooters, or motorized vehicles are to be operated on the ramps or walks. Keep radios, voices, and other noise to a level that won't disturb your neighbors. Exterior lighting is limited to non-glaring porch lights, low voltage landscape lights, and Christmas lights in season. Be considerate of wind chimes that may be annoying to your neighbor.

MARIJUANA: For the safety and welfare of all tenants growing marijuana for commercial or personal use is prohibited on the marina, including in your floating home or on your personal float or deck.

CLEAN MARINA: It is prohibited to discharge any sewage (treated or untreated) from a boat marine sanitation device (MSD) while moored within the marina basin. A type I or II MSD is only allowed to discharge its treated sewage when the boat is underway and on a federal navigable waterway.

BOAT CLEANING: Exterior boat cleaning must be done on land. **No scraping, painting, or sanding** can be done on the hull of a boat that is on water. This type of work must be done off site and not on marina property.

REMODELING/CONSTRUCTION: All exterior modifications and/or additions (including painting) your house or float **must be approved**, in writing, by Big Eddy Marina. This also applies to the placement of additional flotation devices for personal watercraft swim floats, etc. Also major interior, as well as exterior, remodeling does require a permit from the City of Gresham. Remodeling without required permits is a violation of your lease.

MARINA RULES

Page 3

BEDROOMS: The maximum number of individuals that can live in a one-bedroom floating home is two. To qualify for full time living at Big Eddy Marina and to be considered a floating home the structure must have a legal bedroom that complies with local building codes.

BOAT LAUNCH: Use the boat ramp at your own risk. The boat ramp is for marina residents and boat slip tenants only. Friends and guests must use a public facility. Boat launch hours are from 6AM until 8PM only. This will afford less disruption to residents on 'A' walk. The boat ramp is closed to everyone over the 4th of July holiday.

LIFE JACKETS: OREGON LAW REQUIRES ALL CHILDREN 12 AND UNDER TO WEAR A LIFE JACKET WHILE ON A BOAT. WE HIGHLY RECOMMEND APPLYING THIS SAME RULE TO CHILDREN ON THE WALKS AND DOCKS. UNATTENDED CHILDREN UNDER 12 MUST ALWAYS WEAR A LIFE JACKET ON THE WALKS AND DOCKS.

The marina rules are also posted on the website at BigEddyMarina.com.

I have received a copy of the Big Eddy Marina rules.
